

Fund a Seat Campaign

The Ashland-Greenwood Community Performing Arts Center (AGCPAC) is a \$4.5 million capital project that will add a much-needed venue for performing arts, serving the school district and entire local region.

A Versatile Design:

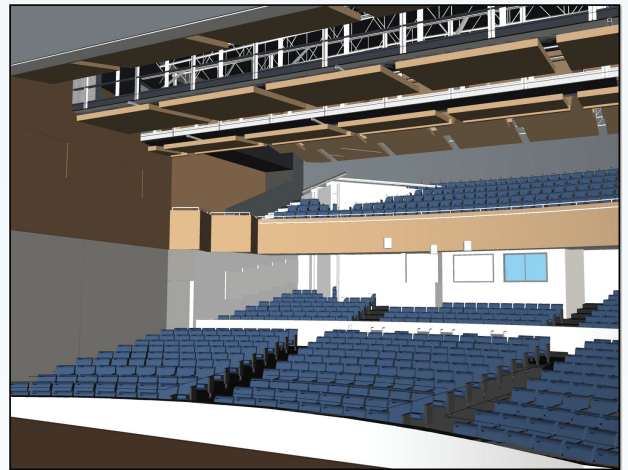

- **Capacity for over 700 guests.**
- **Comfortable seating in a traditional auditorium layout, including a balcony.**
- **Exceptional acoustics for all types of musical performance.**
- **A mounted projector and screen for community events and school meetings.**
- **Lighting features to support a wide variety of settings and stages.**
- **A state-of-the-art recording studio.**

Over Halfway to Curtain Call

By summer 2023, we must raise about \$2 million to complete this project. This amount represents less than half of the overall cost. Now, you have a unique opportunity to help cement Ashland-Greenwood's legacy of fine arts and economic advancement for decades to come.

Campaign Goals:

- 1 Build a top-tier performing arts venue** for students and professional acts to perform music, dancing and theater.
- 2 Enhance classroom opportunities through modern technology**, allowing students to master sound engineering, light choreography, set design and more.
- 3 Deliver economic impact to the entire local region** — attracting visitors and generating revenue through ticket sales.
- 4 Create a versatile space for school and civic meetings.**
